

Adventure Grove Park

Adventure Grove Inclusive Playground INC. is a nonprofit organization made up of local Pottsgrove community members. Along with volunteers from surrounding areas we plan to bring people of all ages and abilities together in play.

Our goal is to provide an inclusive play experience that enables all abilities to interact and understand each other in new ways.

The “Adventure Grove Playground” will intentionally bring people of all abilities and all ages together. This will allow them the freedom to explore, imagine, play, and create without limitations. This freedom will provide an understanding within the community and create the opportunity for children to look beyond the obvious abilities or disabilities, and to experience the world of play equally. The inclusive play experience will give children of all abilities the chance to interact and understand each other in a new way and their lives and our community will be changed because of it.
